SUPPORTS SKIN HEALTH | **JOINT AND TISSUE SUPPORT** | **8G PROTEIN PER SERVING**

PLACE ORDER TODAY

BEAUTY, PERFORMANCE, AND EVERYDAY STRENGTH

Collagen Peptides Pro delivers a clean, unflavored, and hydrolyzed collagen source designed for people who live active, energetic, and performance driven lifestyles. With 20 grams of collagen peptides and 18 grams of protein per serving, it is a powerful daily addition for skin, hair, nails, and joint support.

As collagen naturally declines with age, athletes and active individuals may feel the effects in their skin elasticity, mobility, and connective tissues. Collagen Peptides Pro provides support from within to maintain healthy structure and hydration while promoting flexibility and comfortable movement.

Our hydrolyzed bovine collagen peptides are sourced from grass fed and pasture raised cattle and carefully processed for enhanced absorption. The result is a clean and efficient protein source that mixes smoothly into coffee, smoothies, shakes and even recipes without affecting flavor or texture.

Whether you are training hard, recovering from workouts, or simply prioritizing beauty from within, Collagen Peptides Pro helps you stay strong, radiant, and ready for the day. It is versatile enough for men and women across fitness levels and lifestyle goals.*

FREQUENTLY ASKED QUESTIONS

Does it have flavor?

No, it is fully unflavored and mixes easily into hot or cold beverages.

How much protein does it have?

Each serving provides 20 grams of collagen peptides and 18 grams of protein.

Can I mix it with coffee?

Yes, it dissolves instantly in coffee, smoothies, shakes or baking recipes.

Is it suitable for active individuals?

Absolutely. Collagen supports joint comfort, mobility, connective tissues and recovery.

Is it gluten dairy or soy free?

There are no added allergens or fillers listed. Always review the label if you have specific sensitivities.

Suggested Use: Mix one scoop into your drink of choice or add to recipes. Use daily for best results.
