ABOUT SAN NUTRITION: **WHERE SCIENCE MEETS PASSION**

OUR FOUNDER'S JOURNEY...

SAN Nutrition isn't just a brand—it's a legacy forged in the crucible of science, sweat, and unwavering dedication. Let me take you back to the genesis of our story—a tale that began with a young man's hunger for knowledge and a heart pulsing with the rhythm of iron plates.

MEET OUR VISIONARY FOUNDER: **MATTHIAS BOLDT**

In the hallowed halls of 1995, Matthias Boldt—a QA/QC engineer by day and a relentless bodybuilder by night—stood at the crossroads of ambition and curiosity. His biceps flexed with determination, while his mind hungered for more than mere dumbbells could offer.

THE IRON AND THE INK

As Matthias dissected textbooks, he wasn't merely absorbing knowledge; he was forging a manifesto. The weights whispered secrets—their metallic language echoing through his veins. But it was the ink—the ghostly words he penned for magazines like *Ironman* and *Muscle Media 2000*—that fueled his fire. Matthias wasn't content with sets and reps; he craved the alchemy of science and sweat.

**“AT SAN, THE CUSTOMER IS OUR
INSPIRATION, QUALITY IS OUR WORK
AND VALUE IS OUR ULTIMATE GOAL.”**

MATT BOLDT
CEO/SAN

SAN
We Deliver **RESULTS!**

THE REVELATION

One fateful day, as the sun dipped below the gym's horizon, Matthias had his epiphany: true progress lay at the intersection of muscle fibers and molecular bonds. QA/QC protocols weren't just about compliance; they were the scaffolding for greatness. And so, with the same precision that calibrated lab instruments, Matthias calibrated his destiny.

FROM GHOSTWRITER TO TORCHBEARER

But Matthias hungered for more—a legacy beyond bylines. He yearned to give back, to distill his passion into elixirs that transformed lives. And thus, SAN was born—a beacon in the supplement cosmos. Scientifically Advanced Nutrition—an acronym that echoed through gyms, whispered in locker rooms, and graced podiums. Matthias didn't just form SAN; he ignited a revolution with many first to market products like: V12 Cell Volumizer, Tight (first 1 capsule per day fat burning sensation), Vault, Fierce just to name a few.

THE UNQUENCHABLE QUEST

Yet, even as SAN flourished, Matthias remained insatiable. His lab coat bore sweat stains, and his protein shake doubled as a brainstorming chalice. He pushed boundaries, dissected molecules, and chased gains like a modern-day alchemist. For him, QA/QC wasn't a checkbox; it was a sacred pact with every lifter who trusted SAN.

THE LEGACY LIVES ON

Today, as the sun rises over SAN's global empire—registered in over 60 countries—the echoes of Matthias's journey reverberate. His restless spirit infuses every capsule, every scoop. SAN Nutrition isn't just about supplements; it's about rewriting the laws of possibility. Matthias's legacy isn't etched in stone; it's etched in the sinew of champions.

28 YEARS OF EXCELLENCE

Fast-forward almost three decades. SAN Nutrition isn't merely a brand; it's a global force. Our products span continents, from the sun-kissed beaches of Brazil to the snow-capped peaks of Japan. We're not just registered in over 60 countries; we're woven into the fabric of athletes' lives—the heartbeat of champions.

OUR PILLARS: **QUALITY, INNOVATION, RESULTS**

QUALITY BEYOND MEASURE

SAN Nutrition doesn't cut corners; we carve masterpieces. Each product bears the weight of our legacy. Backed by rigorous scientific research and QA/QC protocols, our supplements emerge as beacons of purity. When you hold a SAN Nutrition bottle, you cradle excellence—the kind that whispers, “This is where science bows to muscle.”

INNOVATION UNLEASHED

We're not content with yesterday's breakthroughs. Our labs hum with curiosity, dissecting molecules and chasing elusive gains. Whether it's a novel ingredient or a revolutionary delivery system, SAN Nutrition pioneers the future. We're the mad scientists who turn “what if” into “hell yes.”

RESULTS, NOT RHETORIC

Hype? Nah, we'll pass. Our customers don't need false promises; they demand results. SAN Nutrition delivers—the kind that flexes in the mirror, outlasts the competition, and fuels podium dreams. When you choose us, you choose gains etched in sweat equity and backed by science.

OUR PROMISE TO YOU

SAN Nutrition isn't just about selling supplements; it's about sculpting legacies. We're your silent partner in every rep, every sprint, every personal best. Our customer care team isn't a call center; it's a fellowship of fitness enthusiasts. We're here to celebrate your victories, troubleshoot plateaus, and cheer you on when the weights feel heavier than life itself.

BEYOND THE BARBELL: GIVING BACK

At SAN Nutrition, our reach extends beyond the shaker bottle. We support organizations that uplift communities, nourish hungry souls, and heal wounded hearts. Because strength isn't just about biceps; it's about lifting others along the way.

So, join us — whether you're a seasoned lifter or a newbie with fire in your eyes. Together, we'll rewrite the chapters of strength, one scoop at a time.

Remember, SAN Nutrition isn't just a brand; it's your secret weapon — the elixir that turns sweat into legacy.

L-CARNITINE 3000

YOUR ENERGY, UPGRADED:

HELPS TRANSPORT FATTY ACIDS RIGHT INTO YOUR CELLS, SO YOU CAN TURN FAT INTO FUEL AND FEEL YOUR BEST.*

BREAK DOWN CARBS, FATS, AND PROTEINS EFFICIENTLY, POWERING THROUGH THOSE WORKOUTS LIKE A PRO!*

QUICKLY AND EASILY INTEGRATE THIS SUPPLEMENT INTO YOUR ROUTINE—NO WAITING AROUND FOR RESULTS!*

SAN Nutrition L-Carnitine 3000

is a powerful, fast-absorbing liquid supplement designed to support your fitness goals. With 3000mg of L-Carnitine per serving, it helps promote fat metabolism and sustained energy, all in refreshing flavors. Sugar-free and clean, it's the perfect addition to any active lifestyle.

Curious? Let's Break It Down

Q: What does L-Carnitine do?

A: L-Carnitine helps the body convert stored fat into energy and may support workout performance and recovery.

Q: Is it suitable for daily use?

A: Yes! SAN Nutrition L-Carnitine 3000 is formulated for daily use to fit easily into your wellness routine.

Q: Does it contain sugar or artificial dyes?

A: No – this product is sugar-free and made without artificial colors or fillers.

TIGHT! XTREME® RELOADED V7

WHY SETTLE FOR ORDINARY WHEN YOU CAN BE XTREME!

ALL NEW & IMPROVED FORMULA!

BOOST YOUR METABOLISM TO BURN CALORIES THROUGHOUT THE DAY*

INCREASE ENERGY AND FOCUS TO CONQUER EVEN THE TOUGHEST WORKOUTS*

EXPERIENCE GREATER SATIETY FROM MEALS TO SUPPORT YOUR DIETING EFFORTS*

A LOOK INSIDE THIS NEW FORMULA...

MitoBurn® L-BAIBA: The Gym's Best-Kept Secret

L-BAIBA—the VIP of amino acid metabolites—deserves a red carpet entrance. Imagine the PGC-1α protein whispering, “Hey, BAIBA, go work your magic!” What’s in it for you? Optimal glucose uptake, free fatty acid metabolism smoother than a jazz sax solo, and body fat mass that’s just right.

Teacrine:

Sustained energy without the jitters. It’s like your morning coffee met a zen master. Don’t consume regular caffeine without it!

Yohimbine:

The Sherlock Holmes of fat cells—detecting alpha 2 receptors and blocking their mischief.

Dihydroberberine: The Game-Changer

Berberine+ isn’t just your run-of-the-mill berberine. It’s like berberine on steroids (the legal kind, of course). GlucoVantage® Dihydroberberine takes the spotlight, delivering up to 5x the bioactive benefits of ordinary berberine. It’s like berberine turned superhero.

Grains of Paradise (GOP): The Firestarter

GOP isn’t just a spice; it’s your backstage pass to fat-burning euphoria. With its potent 6-paradol content, GOP can help boost metabolism like a turbocharged engine. Ignite thermogenesis—your fat cells are doing the samba. Activate brown fat conversion—because beige is so last season.

B-Vitamins: Mental Amp-Up

Think of B-Vitamins as your mental cheerleaders. They keep you charged up, ready to tackle dieting blues, and amped for unparalleled pre-workout sessions. No more snoozing—your brain’s got a front-row seat.

Join the Xtreme Revolution...

Burn fat, break records, and redefine what’s possible. Tight Xtreme Reloaded V7—it’s not just a supplement; it’s your VIP pass to the fat-burning concert of a lifetime!

EAA+ HYDRO SUPERCHARGED

THE ULTIMATE & MOST COMPLETE AMINO ACID HYDRATION FORMULA

9 GRAMS OF EAAs (ESSENTIAL AMINO ACIDS) PER SCOOP

ADVANCED HYDRATION FORMULA SPECIFICALLY FORMULATED FOR INTRA-WORKOUT SESSIONS*

FORTIFIED WITH ESSENTIAL VITAMINS AND MINERALS*

VITAL ELECTROLYTES KEEP YOU FIRING ON ALL CYLINDERS THROUGHOUT YOUR MOST INTENSE WORKOUTS*

THE COMPLETE FUEL & HYDRATION YOUR BODY NEEDS

Elevate your muscle performance with EAA+ HYDRO Supercharged, the ultimate powerhouse for your fitness journey. Crafted to perfection, this super fuel combines the potency of Essential Amino Acids (EAAs) with vital electrolytes, ensuring your muscles are primed for peak performance.

Unlock your true potential with EAA+ HYDRO Supercharged. Its unique blend of EAAs aids in muscle repair and growth, while the replenishing electrolytes keep your muscles firing on all cylinders, even in the most demanding workouts.

Whether you're pushing your limits in the gym or conquering the open road, EAA+ HYDRO Supercharged is your go-to companion. Harnessing the natural goodness of targeted minerals, this formula guarantees rapid rehydration and recovery, allowing you to bounce back stronger and faster than ever.

Don't settle for ordinary sports drinks. Choose EAA+ HYDRO Supercharged for unparalleled support in enhancing muscle performance, strength, and endurance. Perfect for athletes of all disciplines, from cyclists and runners to CrossFit enthusiasts and swimmers, the hydration you get from EAA+ HYDRO Supercharged ensures you stay at the top of your game, every step of the way.*

COLLAGEN PEPTIDES PRO

ELEVATE YOUR BEAUTY, POWER, & GLOW FROM WITHIN

SUPPORT HEALTHY SKIN, HAIR, NAILS, BONES, & JOINTS*

PROMOTES FLEXIBILITY & MOBILITY*

SOURCED FROM GRASS-FED, PASTURE-RAISED BOVINES*

20 GRAMS OF HYDROLYZED COLLAGEN PEPTIDES PROVIDING 18 GRAMS OF PROTEIN PER SERVING

WHY COLLAGEN PEPTIDES PRO?

Beauty Meets Science: Radiant Collagen Pro isn't just about protein—it's your secret to vibrant skin, luscious hair, and strong nails. Our premium bovine collagen is meticulously sourced and crafted for maximum impact.*

Connective Tissue Support: Collagen is the glue that holds you together—literally! It supports your joints, tendons, and ligaments. Say goodbye to stiffness and hello to flexibility.*

Hair, Nails, and Beyond: Your crowning glory deserves the best. Radiant Collagen Peptides Pro nourishes your hair follicles, making them shinier and healthier. And those nails? They'll be Photo Shoot Ready in no time.*

Skin That Glows: Radiant skin starts from within. Collagen promotes elasticity, hydration, and that coveted youthful glow. Say hello to fewer wrinkles and more compliments.*

RAW MATERIAL HIGHLIGHTS...

Bovine Collagen Bliss: SAN Nutrition collagen peptides are sourced from grass-fed, pasture-raised bovines. It's clean, pure, and bioavailable—ready to work its magic.*

20g of Collagen Peptide Power: Each scoop delivers a generous 20g of collagen peptides and 18g of protein. Wow!

Hydrolyzed for Easy Absorption: We've broken down the collagen into smaller peptides. Translation? Your body absorbs it like a sponge. No digestive drama here.*

Radiance Unleashed: As you sip your collagen-infused drink, imagine your skin getting that extra boost of radiance. It's like a spa day for your cells.

Unflavored: Easily mix or dissolve in your favorite smoothie, shake or as a simple coffee creamer. You can even use in your favorite baked goods. The possibilities are endless!

Unlock Your Inner Energy Dynamo with ALCAR™

Hey, fitness warriors! Ready to level up your energy game? Meet ALCAR™—your cellular cheerleader. Here's the scoop:

Cellular VIP Pass: ALCAR™ waves at your mitochondria (those tiny energy factories) and says, "Hey, let the fat in!" It's like a backstage pass to the ultimate ATP party (that's the cell's secret energy handshake).

Brain Boost: Not just for muscles—ALCAR™ high-fives your brain cells too. Think mental clarity and focus. It's like giving your neurons a power-up.

Fat-to-ATP Magic: ALCAR™ whispers to your fat molecules, "Hey, let's dance." Next thing you know, they're converted into ATP—the currency of cellular energy.

The Science Stuff (Don't Worry, It's Cool)

Bioavailability Superstar: ALCAR™ is the rock star version of L-Carnitine. It struts into your system like it owns the place.

Mitochondrial Taxi Service: Picture ALCAR™ as the Uber for fat molecules—they hop in, ride to the mitochondria, and voilà—ATP magic happens.

ALCAR™ = More energy, sharper brain, and fat-to-ATP wizardry. It's like having a pocket-sized power plant. Zap, zap!

LIPOREDUX™

BURN MORE FAT FROM THE OUTSIDE!

TOPICAL FAT BURNER

USE DIRECTLY ON PROBLEM AREAS

SUPPORTS OVERALL FAT LOSS*

EASY APPLICATION WITH A PLEASANT FRAGRANCE & NO MESS

DIRECTIONS: Thoroughly apply 10-12 pumps of LIPOREDUX gel onto dry, clean skin twice daily where fat loss is desired. Start with 10 pumps and increase depending on desired surface area such as abdominals, glutes and/or thighs. Under no circumstance exceed 30 pumps per 24 hour period. Not for use by persons under the age of 18. Store in a cool dry place.

INGREDIENTS: Water, Alcohol Denat., Propylene Glycol, Caffeine, Raspberry Ketones, Acrylates / C10-30 Alkyl Acrylate Crosspolymer, Triethanolamine, Glycyrrhethinic Acid, Ergothioneine, Coleus Forskohlii Root Extract (95% Forskolin by HPLC), Corynanthe Yohimbe Bark Extract, Menthol, Camphor, Xanthan Gum

When you've put in the effort to exercise and maintain a healthy diet but still struggle to eliminate stubborn problem areas, it can be discouraging. Achieving your desired body composition requires patience and persistence, especially when it comes to those trouble spots.

Are you ready to unlock your body's hidden power? Introducing LIPOREDUX™—a cutting-edge topical lotion designed to enhance your natural contours and redefine confidence.

While we won't promise overnight miracles, we're all about science-backed functions that work in harmony with your body:

NOREPINEPHRINE RELEASE: LIPOREDUX™ subtly encourages norepinephrine release—your body's own wake-up call. This gentle activation helps kickstart targeted processes without the jitters or shakes.

ALPHA-ADRENERGIC-RECEPTOR BLOCKAGE: We've got your back (and your thighs, hips, and buttocks). By selectively blocking alpha adrenergic receptors, LIPOREDUX™ promotes a smoother appearance and supports your body's natural sculpting abilities.

ENHANCED BLOOD FLOW: Picture a rush-hour freeway—but in your problem areas. LIPOREDUX™ encourages increased blood flow, delivering nutrients and oxygen where they matter most. Say hello to revitalized skin and a radiant glow.

CELLULITE REDUCTION: Let's tackle those dimples. LIPOREDUX™'s multifunctional approach helps reduce the appearance of cellulite, so you can strut your stuff with confidence.

FIRMING AND TONING: Tighten up! LIPOREDUX™ aims to enhance skin elasticity, subcutaneous water release—especially in the lower body region, leaving you feeling firmer and more fabulous. *Because confidence is the best accessory.*

Remember, results vary from person to person, but LIPOREDUX™ is all about supporting your journey. Combine the use of LIPOREDUX™ with a balanced nutrition plan and regular exercise to effectively target stubborn areas and say goodbye to that last layer of unwanted cheese from all areas. Apply with care, massage gently, and let your body embrace its potential.

GET LIPOREDUX™ TODAY AND REDEFINE WHAT'S POSSIBLE!

T3™

LOSE FAT WITHOUT STIMULANTS

99.9% PURE GUGGULSTERONES

NATURALLY AMPLIFY METABOLIC RATE *

SUPPORT BENEFICIAL THYROID PRODUCTION *

COAX STIMULANT FREE FAT LOSS *

PREVENTING YOUR EFFORTS FROM WORKING AGAINST YOU

Achieving successful fat loss can be challenging, especially when your metabolic rate isn't optimized. Factors like reduced T3 production, a crucial thyroid hormone for fat burning, can impede your progress. Overtraining and nutrient-deficient diets can negatively impact thyroid hormone levels, leading to a slower metabolism and fatigue. While chemical solutions exist, they carry risks and can disrupt your body's natural hormone production.

At SAN, we understand these struggles, which is why we've developed a natural solution to support and enhance your body's systems without compromising its function. Introducing T3, a stimulant-free formula consisting of 99.9% pure guggulsterones standardized for 55% Z and 45% E isomers. This potent blend ensures optimal potency and effectiveness.

The specific isomers found in T3 are responsible for its ability to naturally support fat loss without causing jitters or shakes. With T3, you can elevate your fat-burning efforts to the next level while avoiding stimulation of your nervous system.

Don't let your efforts work against you. Choose T3 as your ideal solution to naturally increase your body's fat-burning abilities.*

AAKG™

NITRIC OXIDE PRECURSOR

HELPS INCREASE MUSCLE BUILDING (PROTEIN SYNTHESIS)*

HELPS DECREASE MUSCLE BREAKDOWN (PROTEIN CATABOLISM)*

SUPPORTS INSULIN SECRETION, ASSISTING THE UPTAKE OF AMINO ACIDS & GLUCOSE INTO THE MUSCLE CELLS*

UNLOCK YOUR WORKOUT POTENTIAL WITH AAKG™: THE NITRIC OXIDE BOOST

Hey, fitness warriors! Let's talk muscle magic. AAKG™ isn't just a jumble of letters—it's your secret weapon for gains. Here's the scoop:

NITRIC OXIDE IGNITION: AAKG™ revs up your nitric oxide engine. Think of it as the turbocharger for your muscles.

PROTEIN SYNTHESIS BOOST: It's like whispering to your muscles, "Hey, let's build some serious gains." Protein synthesis, activated!

CATABOLISM DEFENSE: Say goodbye to muscle breakdown drama. AAKG™ stands guard like a loyal sentry.

THE SCIENCE STUFF (DON'T WORRY, IT'S COOL)

AAKG™ FORMULA: Picture two Arginine molecules high-fiving one Alpha-Ketoglutarate molecule. They're the dream team, working in perfect harmony.

INSULIN HIGH-FIVE: AAKG™ taps your insulin on the shoulder: "Hey, buddy, let those amino acids and glucose into the muscle cells, pronto!"

AAKG™ = More muscle synthesis, less catabolism. It's like having a personal trainer for your cells. Flex on, my friend!

SUPPORTS NUTRIENT DELIVERY*

SPEEDS MUSCLE RECOVERY AFTER EXERCISE*

UNLOCK YOUR ATHLETIC POTENTIAL WITH ARGININE SUPREME™

Hey, fellow fitness enthusiast! Let's talk gains. SAN's ARGININE SUPREME™ isn't your average supplement—it's like a secret handshake among athletes. Here's the lowdown:

ANABOLIC BOOST: Each tablet packs 800 mg of arginine. Translation? It's like turbocharging your muscle-building engine.

PROTEIN SYNTHESIS: Think of it as the conductor in your muscle orchestra—helping proteins harmonize and grow.

INSULIN SUPPORT: ARGININE SUPREME™ whispers to your insulin: "Hey, let those amino acids and glucose into the muscle cells, buddy!"

So, whether you're crushing weights or chasing that runner's high, ARGININE SUPREME™ has your back. It's not just a supplement; it's your backstage pass to gainsville.

Q: HOW DOES ARGININE SUPREME™ BENEFIT MY WORKOUTS?

A: Great question! ARGININE SUPREME™ supports increased protein synthesis, which means your muscles get the green light to grow. It's like giving your biceps a VIP pass to the gains party.

Q: IS THIS SAFE FOR DAILY USE?

A: Absolutely! ARGININE SUPREME™ is designed for regular use. Just follow the recommended dosage, and you're good to go. Think of it as your trusty workout sidekick.

Q: CAN I STACK ARGININE SUPREME™ WITH OTHER SUPPLEMENTS?

A: Definitely! Pair it with your favorite pre-workout or post-workout buddies. ARGININE SUPREME™ plays well with others—it's like the friendly neighbor in your supplement cabinet.

Q: WILL IT GIVE ME A SUDDEN BURST OF ENERGY?

A: While it won't make you sprout wings, ARGININE SUPREME™ indirectly supports energy by optimizing protein utilization. So, think of it as the silent cheerleader on your fitness journey.

PERFORMANCE CREATINE™

INCREASE STRENGTH & MUSCLE VOLUME

5 GRAMS OF CREATINE MONOHYDRATE PER SERVING

MICRONIZED FOR QUICK & COMPLETE ABSORPTION*

FAST MIXING & NO WASTED RESIDUE

INCREASES MUSCLE STRENGTH & SIZE*

UNLEASH YOUR STRENGTH: BEYOND PROTEIN ALONE

The Real Muscle Game

Sure, protein is the buzzword—like the flashy superhero on billboards. But here's the secret: Real muscle gains aren't built on protein alone. It's like having a sleek car with no engine—it looks good, but it won't take you far.

The Dynamic Duo: Nutrition + Hard Work

Picture this: You, in the gym, sweat dripping, pushing limits. But wait, there's more! Combine that hustle with smart nutrition—now we're talking. It's like fueling up your sports car with premium gas. Suddenly, you're not just driving; you're racing.

Enter the Research-Backed MVP: Creatine

Creatine monohydrate—the unsung hero. It's been studied, dissected, and high-fived by scientists. Why? Because it's not just about flexing in the mirror; it's about powering your cells. Think cellular energy boost—like turbocharging your engine.

THE MICRONIZING MAGIC

But here's where it gets exciting: PERFORMANCE CREATINE™ isn't your average creatine. Nope, it's the James Bond version. Why? Because of CreaSolv-brand micronizing technology. Imagine creatine particles doing the tango—they mix faster, smoother, and without drama.

20 TIMES MORE SURFACE AREA: That's like upgrading from a flip phone to a smartphone.

NO MORE GRITTY DRAMA: Say goodbye to the "sand in your shake" discomfort.

THE END GAME: MORE POWER, MORE GAINS

STRENGTH BOOST: Lift heavier, push harder. Your muscles salute you.

SIZE MATTERS: Not just for show—more muscle volume means more bragging rights.

RECOVERY MODE: Bounce back like a champ. No more post-workout zombie walks.

PERFORMANCE CREATINE™: It's not just creatine; it's creatine on overdrive (literally, though). Mix it, gulp it, and watch your muscles high-five each other.

COMPLETE ABSORPTION

BUILD STRENGTH & MUSCLE*

CREATINE DOESN'T HAVE TO BE INEFFICIENT OR UNCOMFORTABLE

When creatine monohydrate first hit the fitness scene, people were beyond excited. The promises of increased strength and muscle gains were hard to ignore. It was soon realized, however, that the loading phase was cumbersome, and many people suffered from stomach discomfort due to the large amounts ingested.

BIOENGINEERED CREATINE OFFERS YOU MORE WITH LESS

The effectiveness of creatine monohydrate has evolved to a new level with the advent of the bioengineered CreaSolve brand utilized in PH-MODIFIED CREATINE®.*

The PH-modified nature of PH-MODIFIED CREATINE® makes it resistant to degradation from stomach acids, so its full potency is transported directly into muscle tissue where it promotes greater strength and increased muscle size. The effectiveness of PH-MODIFIED CREATINE® is so high that it requires just 1/7 the dosage of other creatine products. That means just one capsule is as effective as a full teaspoon of powdered creatine monohydrate.*

PH-MODIFIED CREATINE® offers all of the well-known strength and muscle gains of creatine monohydrate with none of the hassle.*

BCAA BOOSTED™

FORMULATED FOR FASTED CARDIO

- ZER CARBS! ZERO CALORIES!
- RESEARCH-PROVEN MUSCLE PRESERVATION COMPOUNDS - BCAA'S & GLUTAMINE*
- PH BUFFERING & ENDURANCE ENHANCING B-ALANINE*
- ELEVATED ENERGY & AMPLIFIED FAT BURNING VIA OUR CUSTOM FAT INCINERATING MATRIX*
- INCREASED CELLULAR HYDRATION & ANTI-FATIGUE MATRIX*

FREAKISH FAT LOSS!

Fasted cardio is one of the most demanding activities for hardcore athletes and fitness enthusiasts. Hunger pangs and low energy force you to push boundaries in order to dominate. BCAA BOOSTED™ is SAN Nutrition's ultimate muscle-defense, energy-boosting, and fat-melting solution. Performing fasted cardio first thing in the morning on an empty stomach allows you to dive right into the highest fat-burning potential, and BCAA BOOSTED™ gives you the motivation, discipline, and focus needed to get the job done every time you hit the gym.* BCAA BOOSTED™ provides a zero-calorie Natural Energy Matrix that gives you the drive you need to push through those grueling, early-morning fasted-cardio sessions, and it is also fortified with thermogenic compounds that ramp up the fat-burning effects. The B-Alanine in BCAA BOOSTED™ is a proven lactic acid buffer and overall great ergogenic – allowing you to be pain-free each and every session.* Hydration is crucial to all systems in your body. The advanced electrolyte complex in BCAA BOOSTED™ ensures that you're completely hydrated during your rigorous fasted-cardio sessions. Proper hydration is key to recovery, muscle energy, and the transportation of nutrients through your system (e.g. BCAAs, Glutamine, and B-Alanine) and into the muscle cells where they are needed most.*

FASTED CARDIO ALLOWS YOU TO “BE HUNGRY”

Fasted cardio demands a “Be Hungry” attitude, and BCAA BOOSTED™ delivers the extreme drive and guaranteed muscle preservation that gives you the confidence to stay disciplined and focused. SAN Nutrition shatters all previous barriers and guarantees dramatic results with BCAA BOOSTED™.*

BCAA PRO 5000™

BCAA 2:1:1 MUSCLE-BUILDING RECOVERY COCKTAIL DESIGNED FOR ATHLETES

SUPPORTS WORKOUT CAPACITY*

GREATER ABSORPTION & UTILIZATION*

SUPPORTS PROTEIN SYNTHESIS*

BCAA 2:1:1 RATIO PROFILE

CONTAINS B-ALANINE

QUICK, CONVENIENT & TIMELY

Athletes are no strangers to hard work. They're well-schooled on the value of intense training coupled with sound sports nutrition for building lean muscle tissue. The capacity to perform intense workouts and recover quickly is critical for strength training and recovery.* Athletes know that solid food can be inconvenient in a gym setting. The slow digestive process misses the important post-workout window to replenish the muscle cells hunger for amino acids.*

SAN answered this call for maximum absorption and recovery with BCAA PRO 5000™.*

SOLID INGREDIENTS FOR HUNGRY MUSCLE CELLS

A specific ratio of BCAAs are scientifically documented to ensure protein synthesis and anti-catabolic qualities. That's why BCAA PRO 5000™ was designed with a precise 2:1:1 ratio of Branched-Chain Amino Acids (BCAAs). Vitamin B6 was added to assist maximum absorption and utilization of the amino acids following an intense strength training session.*

The goal of BCAA-PRO 5000™ is to help you build muscle and support recovery following intense training. As always, the intensity of the workout is a critical component for building muscle.*

BCAA-PRO 5000™ is one of the only products available to offer BCAAs plus Beta Alanine, a direct precursor to b-Alanine, which is extremely effective in buffering hydrogen ions that are commonly elevated during intense training. BCAA-PRO 5000™ helps reduce acidity in the muscle during times of stress such as an intense training session.*

BCAA-PRO 5000™ is an extremely absorbable, precisely formulated BCAA formula with added b-Alanine and Vitamin B6 to support maximum amino acid absorption and workout capacity needed for muscle growth.*

AVAILABLE IN 50 SERV. & 100 SERV. SIZES

BCAA PRO RELOADED™

12:1:1 RATIO WATER SOLUBLE BRANCH CHAINED AMINO ACIDS

SPARES MUSCLE AFTER ENDURANCE TRAINING*

GREATER PROTEIN SYNTHESIS AFTER STRENGTH TRAINING*

12:1:1 RATIO OF L-LEUCINE, L-ISOLEUCINE & L-VALINE

INCLUDES L-GLUTAMINE TO SUPPORT GREATER
PROTEIN SYNTHESIS*

HIGHLY WATER SOLUBLE, BETTER ABSORPTION*

ENGINEERED TO ENSURE THE HIGHEST LEVEL OF EFFECTIVENESS

Here's why: SAN's sports nutrition scientists have developed a highly absorbable form of BCAAs with a ratio of BCAAs that has 10x the potential for growth, repair and recovery.

SAN created an extremely water soluble form of instantized BCAAs (iBCAA Solv). In simple terms, more of the product is used by the human body.*

You're gonna love this... **BCAA PRO RELOADED** features hydrosoluble BCAA's that support greater absorption for the best biological advantage!

LEUCINE: ACTIVATES ANABOLISM – DEACTIVATES CATABOLISM

Leucine is the primary ingredient in BCAA PRO RELOADED™, and it's been proven to be the most anabolic of all essential amino acids directly controlling the activation of protein synthesis in the body. Studies show intense training breaks down muscle protein (Catabolism) which remains depleted until L-Leucine is replenished.

BCAA PRO RELOADED™ steps up with the highest dose of L-Leucine rich BCAA's powered by a 12: 1: 1 ratio of L-Leucine, Isoleucine, and Valine. In addition, BCAA PRO RELOADED™ also contains 2.5 g of L-Glutamine per serving, the most abundant amino acid in skeletal muscle tissue. Studies show that L-Glutamine can minimize muscle tissue breakdown, improve protein metabolism, positively affect the immune system, support the digestive tract, and nourishes muscle cells and more.

BCAA PRO RELOADED™ is available in delicious Watermelon, Blue Raspberry, Strawberry Kiwi and Berry Pomegranate. It's also free of aspartame, sugar, fat, and carbs!*

PICKING THE RIGHT TOOL FOR THE JOB DOESN'T HAVE TO BE HARD!

There's no doubt that choosing the right supplements for your fitness goals can be tough with all the nutritional advancements over the years – let alone all the hype behind some products that can sound too good to be true. In the case of muscle recovery and immunity, choosing a pure and powerful supplemental source of L-Glutamine, the most abundant amino acid found in skeletal muscle, is the straightforward answer.

L-GLUTAMINE 2000 BEFORE AND AFTER YOUR WORKOUTS

With a full 2 grams of L-glutamine per serving, L-GLUTAMINE 2000™ is ideal and easy to use before and after every workout or bout of serious physical activity. The GMP (good manufacturing practices) certified capsules allow you to keep this muscle insurance with you wherever you go.

As an athlete, you're concerned with much more than just how you look and how much muscle you have. You care about your performance and overall health, so L-GLUTAMINE 2000™ should be an integral part of your nutritional program. L-glutamine supports resilient intestinal health which is directly tied to having a strong immune system. Rather than being at risk of getting sick, you can see and feel results from your workouts while fighting off anything that may prevent you from pushing toward your goals.

L-GLUTAMINE 2000™ delivers the most important single amino acid in convenient full dosages for guaranteed results. Keep a bottle in your gym bag for the best and easiest pre- and post-workout protection available.*

PERFORMANCE GLUTAMINE™

PROTECT YOUR IMMUNE SYSTEM & MUSCULAR HEALTH

5 GRAMS OF HIGH QUALITY GRADE L-GLUTAMINE PER SERVING

PRESERVES MUSCLE TISSUE & PROMOTES RECOVERY**
SUPPORTS THE PRODUCTION OF 'YOUTHFUL HORMONES'***
IN THE BODY**

PROMOTES HEALTHY IMMUNE SYSTEM & INTESTINAL HEALTH*

PICKING INDIVIDUAL BUILDING BLOCKS BASED ON GOALS

In the quest for muscle size, most athletes strive for increased protein and amino acids, but many are aware that certain individual amino acids are highly beneficial. One particular amino acid is sought after more than any other for its countless athletic and conventional health benefits.

A SINGLE AMINO ACID CAN BE AS POWERFUL AS MANY

Glutamine is the most abundant amino acid in skeletal muscle tissue, and it is the predominant carrier of nitrogen into muscle cells. L-glutamine plays a vital role in preventing catabolism of muscle tissue, as well as improving protein synthesis, or muscle building.*

Beyond the muscle-building, catabolism-limiting and hormone supporting attributes, PERFORMANCE GLUTAMINE™ also plays a key role in boosting intestinal health and immune system function, both of which are vital for athletes and non-athletes alike.*

Each serving of PERFORMANCE GLUTAMINE™ contains 5 grams of pure Japanese pharmaceutical grade L-glutamine, so the HPLC tested and certified quality guarantees maximal results.*

PERFORMANCE GLUTAMINE™ promotes muscular growth and a healthy immune system.*

AVAILABLE IN 300 G.

TITANIUM WHEY®

**BUILD MORE MUSCLE & RECOVER
MORE QUICKLY**

23 GRAMS OF WHEY PROTEIN PER SERVING

PROMOTES MUSCLE BUILDING*

PREVENTS MUSCLE BREAKDOWN*

EASY TO DIGEST

MUSCLE DOESN'T GROW IN THE GYM

All the hard work you put in at the gym would be wasted without taking action to preserve the muscle you already have and to repair the damage done during your workouts. The gym is where you go to break muscle down, so it's imperative that you have the best protein formula available to preserve and build more muscle and strength.

THE BEST INGREDIENTS LEAD TO THE BEST RESULTS!

With 23 grams of fast-absorbing protein, less than 3.3 grams of carbohydrates, and 1.6 grams of fat per serving, TITANIUM WHEY® is engineered to be the best possible whey protein blend for maximum muscle growth.

1 SCOOP =

23 GRAMS

TITANIUM STANDARD WHEY PROTEIN

The quick digesting nature of TITANIUM WHEY® means rapid absorption into the bloodstream, and that makes it the ultimate choice for getting key anabolic and anti-catabolic nutrients into your system as fast as possible. Plus, the anabolic effect of our protein blend has long-lasting effects—up to 4 hours.*

TITANIUM ISOLATE SUPREME®

- UNLEASH YOUR POTENTIAL WITH TITANIUM ISOLATE SUPREME WHEY ISOLATE!
- 27 GRAMS OF HYDROLYZED ISOLATE PROTEIN PER SERVING
- MINIMAL FAT IN MOST FLAVORS
- 6 GRAMS OF BCAAS PER SERVINGS
- LACTOSE FREE

WHAT SETS TITANIUM ISOLATE SUPREME APART FROM THE REST?

Titanium Isolate Supreme is a rich blend of lactoferrin, a-Lactalbumin, BCAAs, and essential amino acids not only supports enhanced nitrogen retention but also ensures superior protein absorption—far exceeding lower-quality alternatives.

For athletes, fitness enthusiasts, or anyone striving for peak performance, Titanium Isolate Supreme is more than just protein; it's your ultimate ally on the journey towards greatness. Experience the next level of whey isolate and watch your performance soar!*

FREQUENTLY ASKED QUESTIONS

- What is the best time to take Titanium Isolate Supreme?**
It's ideal to consume after workouts to enhance recovery and muscle repair, but it can also be enjoyed anytime you need a protein boost.
- Is Titanium Isolate Supreme safe for those with lactose intolerance?**
Yes! Our formula is lactose-free, making it suitable for individuals with lactose sensitivities.
- Can I use this protein powder in recipes?**
Absolutely! Titanium Isolate Supreme can be mixed into smoothies, baked goods, or even oatmeal for an added protein kick.
- How does this compare to other protein powders on the market?**
Titanium Isolate Supreme stands out due to its high protein content, low fat, and superior absorption properties, making it one of the best choices available.
- Are there any added sugars in Titanium Isolate Supreme?**
Most flavors feature minimal to no added sugars, ensuring you can enjoy your protein without unnecessary additives.

ZINC MAGNESIUM ASPARTATE™

IMPROVE TISSUE REPAIR & POST-WORKOUT RECOVERY

REDUCES RECOVER TIME*

INCREASES MUSCLE TISSUE REPAIR*

BOOSTS ENERGY & PERFORMANCE*

MAINTAINS HEALTHY ELECTROLYTE

RECOVERY QUICKLY FROM INTENSE & GRUELING ACTIVITY

The ability to quickly recover from high-intensity and grueling activity is something that athletes from all sports are after. Reduced recovery time means increased performance, and that's the holy grail for all athletes.

ZINC MAGNESIUM ASPARTATE™ has a unique and well-known combination of key vitamins and minerals that can help to increase testosterone levels. Even more important than that is the ability of this synergistic blend to increase the rate at which you recover from intense activity, and it does so while you sleep, compounding your body's natural recuperative rhythms.*

The zinc in ZINC MAGNESIUM ASPARTATE™ plays a key role in cellular growth and tissue repair, so it helps to rebuild muscle after exercise-induced damage. The specific blend of magnesium is known for its essential role in ATP production, muscular contraction and the maintenance of proper electrolyte balance. This means it can increase energy production and strength while aiding in hydration, an important part of cellular expansion and growth. Vitamin B6 is the last part of this recovery trifecta, as it enhances the absorption of zinc and magnesium, providing maximized utilization.*

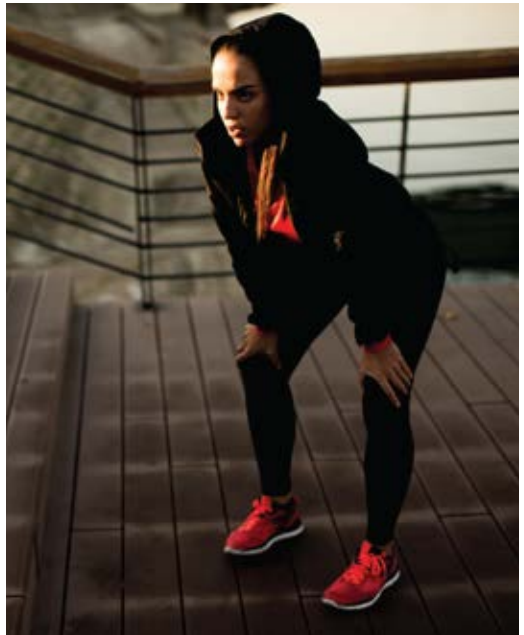

ZINC MAGNESIUM ASPARTATE™ is a synergistic combination of vitamins and minerals with a proven record of increasing performance, tissue repair and hormone production.*

Supplement Facts

ESTRODEX™

ADVANCED ESTROGEN MODULATING COMPLEX

SUPPORTS INCREASED LEVELS OF TESTOSTERONE*

COMBATS NEGATIVE SIDE EFFECTS OF ESTROGEN*

BLOCKS CONVERSION OF TESTOSTERONE TO ESTROGEN*

ANABOLIC HORMONE SUPPORT THAT BANISHES NEGATIVE EFFECTS

Elite athletes tend to have something in common besides just being deeply driven to succeed. They also have a healthy hormone profile which allows them to excel and to recover better than average athletes. For many, this occurs naturally due to their individual biology, athleticism and dietary programs, while others seek supplemental and pharmaceutical enhancement. Regardless of the method, testosterone is a key hormone that offers big advantages, but it can convert to estrogen, which can cause negative side effects when it becomes abundant.

ESTRODEX™ offers the best of both worlds with regards to hormonal support. It allows for increased testosterone levels while fighting the increased estrogen levels that are normally a result of heightened testosterone.*

The ingredients in ESTRODEX™ are combined for their true hormone-supporting synergy. Urtica dioica, or stinging nettle root, prevents testosterone from binding to SHBG (sex hormone-binding globulin), and that keeps more free testosterone in your blood stream, while calcium D-glucarate, Indole-3-Carbinol and the antioxidant Resveratrol help with anti-estrogen metabolizing effects.*

ESTRODEX™ allows athletes to maximize the powers of free testosterone while minimizing the negative side effects of estrogen.*

FREE-T™

BOOST HEALTHY LEVELS OF UNBOUND & FREE TESTOSTERONE NOW!

SUPPORT FREE & HEALTHY TESTOSTERONE LEVELS*

ACCELERATED POST-EXERCISE RECOVERY*

ENHANCED PROTEIN SYNTHESIS — MORE MUSCLE BELLY SIZE*

INCREASED STRENGTH & VIGOR*

HEALTHY & SUSTAINED SEXUAL VIGOR WITHOUT SIDE EFFECTS*

INCREASE FREE TESTOSTERONE FOR MORE MUSCLE, STRENGTH & STAMINA

It goes without saying that increased testosterone plays a huge role in athletic performance. More free testosterone circulating through your system results in increased strength, boosted endurance, quicker recovery, and enhanced muscle building — let alone the increased sex drive.

FREE-T™ is formulated with specific elements known to promote elevated levels of free testosterone naturally. D-Aspartic Acid, the main ingredient, is a proven T-boosting nutrient utilized for its extraordinary ability to increase testosterone-producing luteinizing hormone (LH) up to 118%.

The plant-derived Forskolol in FREE-T™ not only increases free testosterone by up to 33.77%, it also supports bone health, decreased body fat, and increased muscle mass. This means increased strength, more muscle, and better definition from an all-natural and potent plant source.

D-ASPARTIC ACID

COLEUS FORSKOHLII

URTICA DIOICA

INDOLE-3-CARBINOL

FREE-T™ delivers a potent testosterone-boosting formula without drawbacks, and it amplifies the performance-enhancing benefits of free testosterone by simultaneously keeping estrogen levels fully under control. Estrogen inhibitors Urtica Dioica, Indole-3-carbinol, and Calcium D-Glucarate work together to inhibit hormonal conversion and prevent the negative effects of estrogen.

FREE-T™ is an all-natural, potent, and safe way to significantly increase the benefits of heightened testosterone production.*

TESTO HARDCORE™

INCREASE TESTOSTERONE PRODUCTION
NATURALLY

2 GRAMS OF TRIBULUS TERRESTRIS PER SERVING

STANDARDIZED TO 90% STEROIDAL SAPONINS

PROMOTES HEALTHY TESTOSTERONE LEVELS*

INCREASES ATHLETIC & SEXUAL PERFORMANCE*

THE QUEST FOR MAXIMUM TESTOSTERONE PRODUCTION

Testosterone is the key male hormone, so when your testosterone levels are up, so is everything else. From athletic performance to sexual prowess, testosterone has a long history as the hormone of dominance.

Assuring that your body keeps up with maximum testosterone production is the quest of all men, and it requires the right nutritional science...

TESTO HARDCORE DELIVERS NATURE'S HERBAL ANSWER TO
INCREASED TESTOSTERONE

Steroidal saponins are naturally occurring elements in Tribulus Terrestris that act as a catalyst for the production of testosterone. That's why each serving of TESTO HARDCORE™ contains a full 2 grams of this wonder herb. Inferior formulas on the market are standardized to a paltry 45%, but TESTO HARDCORE™ delivers a minimum of 90% steroidal saponins, making it the only real choice for hardcore herbal testosterone potency.

TRIBULUS TERRESTRIS
90% SAPONINS (MINIMUM)

Along with the testosterone boosting effects of Tribulus Terrestris, TESTO HARDCORE™ is fortified with SAN's Zinc Magnesium Oxide Complex. In very recent clinical studies, zinc has been proven to boost testosterone levels naturally on top of the beneficial role it plays in cellular growth and tissue repair. This T-boosting complex also supplies vitamin B6 to help maximize absorption along with magnesium oxide for its essential roles in ATP production, muscular contraction, and maintenance of proper electrolyte balance.

TESTO HARDCORE™ is your potent herbal solution to reap all the athletic and intimate benefits of increased testosterone by magnifying your body's own hormone production safely and effectively.*

ONLY 9 GRAMS OF SUGAR PER SERVING

BALANCED ANABOLIC & ANTI-CATABOLIC PROTEIN

HIGH FIBROUS CARBOHYDRATES

CONTAINS WHEY, MILK & CASEIN PROTEIN

1,105 CALORIES PER SERVING

5 GRAMS OF CREAMOL BRAND CREATINE PER SERVING

GETTING ENOUGH MUSCLE-BUILDING CALORIES TAKES EFFORT

Building quality muscle requires quality calories, and it requires a lot of them—if you're striving to put on serious mass. A high-calorie diet can be easy if you're not worried about the quality of food you're eating, but keeping it healthy isn't so easy, and doing it without breaking the bank is almost impossible.

On top of the costs, there's also time and convenience to consider. Not everyone can carry around a cooler full of homemade meals, let alone the time it takes to warm everything up and force feed yourself on a time crunch.

BUILDING SOLID MUSCLE MASS WITH THE PUREST INGREDIENTS

In order to ensure anabolic and anti-catabolic qualities, a variety of high-quality protein sources are needed. That's why MASS EFFECT REVOLUTION™ was designed with Mass Effect OctaPure8 Protein Fusion for full spectrum protein balance.*

Quick-digesting hydrolyzed whey protein isolate, whey protein isolate, whey protein concentrate and SPI-90 help to immediately begin the post-workout repair of damaged muscle tissue, giving MASS EFFECT REVOLUTION™ highly anti-catabolic properties. Micellar casein, milk protein isolate and calcium caseinate are digested more slowly, assuring a trickle-feed anabolic effect.*

The goal of MASS EFFECT REVOLUTION™ is to build high-quality lean muscle mass, so MyoCarb Matrix guarantees crucial muscle-feeding complex carbohydrates from sprouted rice bran and grains, which makes it almost sugar-free.*

Another big part of increasing muscle mass is stimulating muscle volume, and that's why MASS EFFECT REVOLUTION™ contains at least 5 grams of creatine monohydrate and additional L-glutamine in every serving.*

100% CASEIN FUSION®

BUILD MUSCLE AROUND THE CLOCK

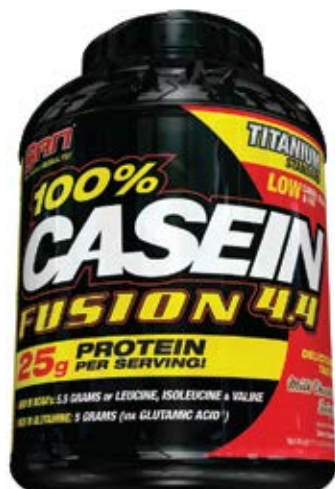

25 GRAMS OF PROTEIN PER SERVING

DIGESTS SLOWLY — TIME RELEASED PROTEIN

5.5 GRAMS OF BCAA PER SERVING

5 GRAMS OF GLUTAMINE PER SERVING

GREAT FOR NIGHTTIME TRICKLE FEEDING

PROTEIN TIMING DOESN'T ALWAYS MEAN RIGHT NOW

Timing your protein intake is crucial for muscle growth. Quick-digesting protein sources are great for post-workout nutrition, but they're out of the digestive system and into your bloodstream very rapidly. That's great when you need a quick protein boost, but it's not ideal when you want to build muscle all day long. When it comes to feeding muscle tissue 24/7, you need quality protein with a time-release effect...

THE RIGHT PROTEINS FOR CONSTANT MUSCLE FEEDING

Micellar casein and milk protein concentrate are digested slowly, allowing them to trickle feed your muscles for extended periods. Micellar casein can release muscle-building amino acids into your blood stream for up to seven hours after consumption, and that's why it's the main protein source in CASEIN FUSION®.*

The custom protein matrix in 100% CASEIN FUSION® gives you 25 grams of slow-digesting protein per serving, and it includes 5.5 grams of BCAAs and 5 grams of Glutamine, the most abundant amino acid in muscle tissue.* 100% CASEIN FUSION® is the perfect choice for all-day amino acid release when used between meals, but a serving before bed can also build and protect your hard-earned muscle while you sleep — a key muscle-preserving opportunity that many people never think of.*

INGREDIENTS: Custom Protein Matrix comprised of Micellar Alpha & Beta Caseins and Caseinates (Cow), Undenatured Milk Protein Concentrate (rich in Lactoferrin) (Cow), SAN's Custom Designed Creamer (Sunflower Oil, Sodium Caseinate [a milk derivative][cow], Corn Syrup Solids, Mono and Diglycerides, Dipotassium Phosphate, Soy Lecithin, Tocopherols), Natural and Artificial Flavors (Tapioca Starch, Natural Cocoa Powder, Natural and Artificial Flavors, Silicon Dioxide, Natural Tocopherol), Sodium Chloride, Sucralose, Guar Gum, Xanthan Gum & Acesulfame-K

ZENTORI MUSHROOM BLEND

ELEVATE YOUR WELLNESS WITH OUR 11-SPECIES MUSHROOM BLEND

MASTER FORMULATED 11-IN-1 MUSHROOM BLEND

SUPPORTS NATURAL ENERGY & STAMINA*

PROMOTES STRESS RELIEF*

HELPS IMPROVE IMMUNITY & GUT HEALTH*

NATURALLY CONTAINS A VARIETY OF VITAMINS, MINERALS, & ANTIOXIDANTS

Including

LIONS MANE • CHAGA TURKEY TAIL •
REISHI CORDYCEPS • AGARIKON
TIGERMILK and MORE!

DISCOVER THE ULTIMATE FUNGI FUSION:

Lion's Mane: Boost cognitive function and ignite creativity. Brain's best friend.

Cordyceps: Energize your inner athlete. Stamina, meet your new BFF.

Reishi: The chill pill you've been craving. Stress relief in a mushroom cap.

Chaga: Immunity's silent guardian. Shield up, warrior!

Turkey Tail: Gut health guru. Happy tummy, happy you.

Agarikon: Boost your vibes with this antioxidant, immune-supporting superstar!

WHY OUR BLEND ROCKS!

Dual Powerhouses: Mycelium + Fruiting Bodies: We don't play favorites. Our blend includes both—the underground network (mycelium) and the above-ground showstopper (fruiting body). Double the magic, double the benefits.*

Bioavailability Boost: Absorption matters. Our mushrooms are bioavailable, ensuring your body gets the full fungal symphony. No backstage passes needed.*

Adventurous Palate? We Got You: Sip it, blend it, bake it – our versatile powder plays well with your culinary experiments. Mushroom lattes, anyone?*

Nature's Multivitamin: Forget pills. Our blend delivers vitamins, minerals, and antioxidants straight from the forest floor. Mother Nature approves.

Backed By Science: Each ingredient in our blend is supported by scientific research, offering you a trustworthy, effective solution for enhancing your health and vitality.

MARINE COLLAGEN

- FISH-SOURCED COLLAGEN PEPTIDES FOR YOUR BODY'S OVERALL WELLNESS
- SUPPORTS HEALTHY SKIN, HAIR, NAILS, BONES, & JOINTS*
- PROMOTES FLEXIBILITY & MOBILITY*
- SOURCED FROM HIGH QUALITY FISH TO ENSURE OPTIMAL PURITY & EFFICACY*
- IMPRESSIVE 9 GRAMS OF PROTEIN PER SERVING & NON-GMO

PESCATARIAN OPTION FOR OPTIMAL WELL-BEING...

Sourced from whitefish, this premium formula harnesses the purest and most potent marine collagen to provide you with numerous benefits. With an impressive 9 grams of protein per serving, it's a nutritional powerhouse that supports your body's overall wellness.

Our Marine Collagen Peptides are carefully extracted from the highest quality fish, ensuring optimal purity and efficacy. Collagen, a vital protein found naturally in our skin, hair, nails, and joints, plays a crucial role in maintaining their health and vitality.*

USEFUL Q&A...

What is Marine Collagen? Marine Collagen is a type of collagen sourced from whitefish. It's highly absorbable and beneficial for various aspects of health.

Why Choose Our Marine Collagen Peptides? Our Marine Collagen Peptides are specifically selected for its ability to promote healthy collagen structures. Also, it mixes easily with water and is flavor-neutral while being free of carbohydrates, sugar, lactose, fat, cholesterol, and sodium. And last but not least, it is Non-GMO with no added flavors or sweeteners.

How Does Collagen Benefit Skin and Hair? Collagen is essential for maintaining skin elasticity and hydration. It also Supports hair strength and growth.

What About Joint and Bone Health? Collagen provides the building blocks for joint and bone structure while maintaining flexibility and strength.

How Do I Use It? Mix one serving (approximately 9 grams of protein) with water or your favorite beverage. Enjoy daily for optimal results.

NAC

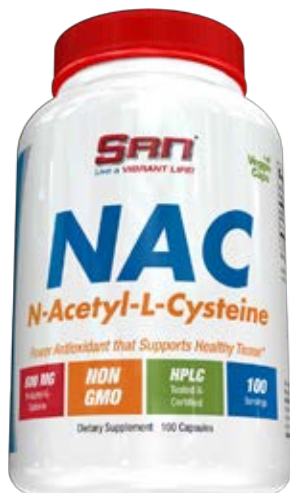

YOUR ANTIOXIDANT ALLY!

HELPS LIVER PROCESS & ELIMINATE TOXINS*

ANTIOXIDANT PROPERTIES SUPPORT LIVER CELLS FROM OXIDATIVE STRESS*

PRECURSOR TO GLUTATHIONE WHICH IS ESSENTIAL FOR LIVER DETOXIFICATION*

SUPPORTS HEALTHY TISSUE, SKIN, & HAIR*

HERE'S WHY NAC IS A LIVER SUPERHERO:

Liver Detoxification: NAC helps your liver process and eliminate toxins. In recent clinical studies, NAC binds to harmful substances, allowing your body to excrete them effectively. In cases of acetaminophen (paracetamol) overdose, doctors administer intravenous NAC to prevent or reduce kidney and liver damage. Its antioxidant properties support liver cells from oxidative stress caused by toxins, drugs, and other environmental factors.*

Glutathione Synthesis: NAC is a precursor to glutathione, your body's master antioxidant. Glutathione is essential for liver detoxification. By replenishing glutathione levels, NAC supports your liver's ability to neutralize free radicals and maintain optimal function.*

Chronic Liver Disease Prevention: Regular NAC supplementation may support a healthy liver by eliminating unnecessary toxins, alcohol and heavy metals. Whether you're exposed to environmental toxins or dealing with oxidative stress, NAC provides a shield for your liver.*

USEFUL Q&A...

What exactly is NAC, and why should I take it? NAC is a powerful antioxidant and a precursor to glutathione—the body's master antioxidant. It supports liver health, detoxification, and immune function. Taking NAC can help protect your cells from oxidative stress and promote overall well-being.*

Can NAC really improve my skin and hair? Absolutely! NAC nourishes from within. It promotes radiant skin by supporting collagen production and enhancing elasticity. Your hair follicles will thank you too—expect shinier, healthier locks. And those nails? They'll be red-carpet ready.*

How do I incorporate NAC into my daily routine? It's simple! Take one capsule of NAC Boost daily with water. Whether it's alongside your morning coffee or as part of your evening ritual, consistency is key. Think of it as a mini spa retreat for your cells.*

Is NAC safe to use long-term? NAC has a strong safety profile. It's been studied extensively, especially in clinical settings. However, as with any supplement, consult with your healthcare provider if you

ORGANIC MATCHA SUPREME

PREMIUM CEREMONIAL GRADE

SOURCED FROM REVERED JAPANESE GROWERS*

CERTIFIED ORGANIC, RADIATION-FREE, GMO-FREE*

RICH IN GREEN TEA CATECHINS FOR OPTIMAL BENEFITS*

FINELY GROUND POWDER FOR EASY MIXING & WHISKING*

Discover The Authenticity Of Japanese Origins

FOR OVER 1,000 YEARS, ONLY THE FINEST AND PUREST TEA LEAVES HAVE BEEN CAREFULLY CULTIVATED AND RESERVED. SAN PRESENTS ORGANIC MATCHA SUPREME CEREMONIAL BLEND, SOURCED FROM THESE EXCLUSIVE RESERVES!

Each year, our Japanese growers meticulously select and grind the harvest into micronized powder. Lab-tested and certified, only the finest leaves are included in our full-bodied, Koicha-style green tea blend.

SAN's Organic Matcha Supreme is of unparalleled quality, incredibly challenging to produce, and even more rare to source in significant quantities.

Derived from Japan, not China, SAN's Organic Matcha Supreme showcases a vibrant light-green color with robust flavor and aroma.

WHY NOT START YOUR DAY WITH A REFRESHING MORNING RITUAL FEATURING SAN'S ORGANIC MATCHA SUPREME?

Its delightful umami flavor will awaken your senses while providing clean and sustained energy throughout the day, without the coffee crash.

Our Ceremonial Grade selection offers the bold flavor you adore, complemented by a striking vibrant green color that transforms every sip into a smooth and delightful experience. Whisk or bake with SAN's Organic Matcha Supreme blend to enhance your favorite morning recipes with natural sweetness, nutrients, and antioxidants.

Whether you crave a morning blend, prefer the elegance of ceremonial grade, or enjoy the versatility of culinary grade in your smoothies, our curated and exquisite matcha tea powder delivers the taste, health benefits, and exceptional quality you seek.*

CALCIUM MAGNESIUM ZINC + D3

THE KEY TO A HEALTHY STRUCTURE

- SUPPORTS STRONG & HEALTHY BONES*
- HELPS MAINTAIN STRONG TEETH*
- SUPPORTS HEALTHY IMMUNE SYSTEM*
- PROMOTES PROPER MUSCLE FUNCTION*

THE COMPLETE BLEND FOR A COMPLETE LIFESTYLE

SAN's CALCIUM MAGNESIUM ZINC + D3 is a balanced and complete blend of minerals and vitamins specifically formulated to support the active individual.*

Calcium and Magnesium have been well documented to support healthy bones, maintain proper muscle contraction and metabolic functions, while Zinc is known to support natural hormone production.*

Vitamin D3, the 'Sunshine Vitamin', is known for a plethora of benefits ranging from, supporting a healthy immune system, maintaining healthy bones and muscle mass.*

SAN's CALCIUM MAGNESIUM ZINC + D3 is the perfect companion to professional athletes to individuals living an active and healthy lifestyle.*

Supplement Facts

Serving Size: 3 Tablets

Servings Per Container: 30

Amount Per Serving%		DV
Vitamin D3 (as Cholecalciferol)	600 IU	75%
Calcium (as Calcium Carbonate)	1 g	77%
Magnesium (as Magnesium Oxide)	600 mg	143%
Zinc (as Zinc Oxide)	15 mg	136%

COLLAGEN TYPES 1 & 3

ESSENTIAL FOR HEALTHY SKIN, HAIR, NAILS, CONNECTIVE TISSUE, AND BONES

SUPPORTS HEALTHY SKIN, HAIR, NAILS, BONES, AND JOINTS*

NON-GMO, GLUTEN-FREE, AND SOY-FREE

HYDROLYZED FOR OPTIMAL MIXING & COMPLETE ABSORPTION*

PROMOTES HEALTHY FLEXIBILITY & MOBILITY*

GIVE YOUR BODY THE RIGHT NUTRITIONAL TOOLS

Maintaining a healthy body means more than just looking lean and fit. To develop a truly healthy body, you need to feed every tissue in your body with the right structural building blocks. That's why you need Collagen Types 1 & 3.

The recipe for maintaining a healthy body is relatively simple: exercise and eat a nutritious diet with plenty of vegetables. But what about optimal nutrition for your skin, hair, nails, bones, and joints?

Collagen is the most abundant protein in your body, and SAN's Collagen Types 1 & 3 delivers pure, natural (hormone-free), and GMO-FREE premium hydrolyzed collagen for easy mixing and optimal digestion, absorption, and utilization.

RESET YOUR AGE CLOCK

As you age, your body loses collagen, causing noticeable and unwanted visible side effects. When your skin loses elasticity and density, you can see more wrinkles and more dimpling from cellulite, which also means your skin can begin to feel rough.

When your connective tissues, blood vessels, and gastrointestinal system (intestinal lumen) lose elasticity and density, things get a little more serious and you can feel the effects in daily life, such as leaky gut. Leaky gut is a digestive disorder where undigested food particles and toxins are able to enter your bloodstream because of increased permeability, causing myriad of other health problems. Increasing your collagen intake helps to fortify the lining of your gut to fend off numerous gastrointestinal issues while also enhancing the absorption of water to help keep you regular. Healthy aging means staying active and keeping up with your nutritional needs. Type 1 and Type 3 are the main forms of collagen you need to maintain healthy youthful skin, hair, nails, and a robust digestive system.*

GLUCOSAMINE CHONDROITIN + MSM

BONE HEALTH & LIGAMENT SUPPORT*

INCREASED JOINT STRENGTH FOR MORE POWER*

SUPPORTS ANTI-INFLAMMATORY EFFECTS & CARTILAGE REPAIR*

CLINICALLY-PROVEN DOSAGES FOR OPTIMAL RESULTS*

ENHANCE STRENGTH THROUGH JOINT & LIGAMENT SUPPORT

While huge muscles are usually an assumed sign of strength, that's not always true. It's often the case that the strongest athletes you'll ever meet will appear to have an average build, or just a slightly muscular physique. Muscle size is more a side effect of training styles, genetics and nutrition - not necessarily an accurate sign of strength. Although you can find athletes with completely different muscle structures who are equally as strong as one another, there is something they always share, despite any differences in how they look. That commonality is strong and healthy joints.

GLUCOSAMINE CHONDROITIN with MSM not only helps to reduce joint inflammation, it also maintains healthy joints for increased strength capacity in athletes of all sizes and all sports.*

The key ingredients, glucosamine and chondroitin, work together to both reduce joint pain and to increase strength and recovery in ligaments and tendons. The MSM, or methylsulfonylmethane, in GLUCOSAMINE CHONDROITIN further expands the healthy production and repair of connective tissues. This means that joint pain won't stop you from pushing harder, and the increased recovery means more strength in the long run.*

AVAILABLE IN BOTH 90 CT. & 180 CT.

MSM

ENJOY ALL THE BENEFITS OF GOOD HEALTH AND VITALITY

- SUPPORTS HEALTHY JOINTS, CONNECTIVE TISSUE, AND FLEXIBILITY*
- ENHANCES HEALTH OF HAIR, SKIN, AND NAILS*
- AIDS DIGESTION AND HEALTHY IMMUNE SYSTEM FUNCTION*
- BOOSTS OVERALL HEALTH AND VITALITY*
- SUPPORTS DETOXIFICATION AND SPEEDS RECOVERY*

DON'T LET YOUR AGE OR DIET BE A SETBACK TO YOUR WELL-BEING

Sulfur is vital to several of your body's critical functions, but sulfur presence naturally decreases as you age, and that can cause you to look and feel older than you should. MSM (methylsulfonylmethane) delivers biologically active sulfur to support and bolster the health of your joints, hair, skin, nails, and numerous other bodily functions.

Modern diets tend to be low in healthy, sulfur-containing foods, and although sulfur is present in many unprocessed, natural food sources, it's lost during cooking or processing. MSM gives you the ability to combat the decreasing levels of sulfur in your body and ensure overall health and vitality.

LOOK AND FEEL YOUNGER AND MORE VIBRANT WITH MSM

MSM delivers biologically active sulfur which is oxidized from DMSO (dimethyl sulfoxide), so you get an easy and convenient way to ensure optimal health of various tissues throughout your body as well as supporting vital bodily functions such as digestion and physical mobility.

The sulfur provided by MSM is required by your body to keep up with keratin production for healthy hair and nails and collagen which supports healthy skin and complexion along with connective tissues. Healthy connective tissues mean you also benefit from increased mobility due to optimal flexibility of healthy joints and muscle tissue.

MSM also helps with detoxification by transporting waste and toxins out of cells. This detoxing process also speeds recovery from exercise and intense activity by aiding in the elimination of lactic acid, so it's beneficial to everyone from athletes to those simply seeking better overall health. As an added benefit, MSM increases nutrient absorption by aiding the digestive process and preventing the increasingly common "leaky gut" syndrome. Plus, with optimal digestion and lack of inflammation you can enjoy the effects of improved immunity and increased energy.

Use MSM as a natural, healthy, and convenient way to support optimal health of your joints, hair, skin, nails, and numerous bodily functions.*

SUPREME CURCUMIN C3

TRAIN WITHOUT PAIN

- SUPPORTS NATURAL ANTI-INFLAMMATORY ACTION*
- INCREASES ANTI-OXIDANT ACTIVITY IN THE BODY*
- IMPROVES BRAIN COGNITION & ACTIVITY*

INFLAMMATION CAN STOP YOUR PROGRESS IN ITS TRACKS!

Chronic inflammation is a real problem for many people, but it's particularly tough on athletes. Whether its caused by the body's natural reactions to certain foods, old injuries, arthritis, or other causes, nothing can derail the motivation more then when your body is fighting against you.

Regardless of the cause, inflammation can prevent you from performing at your peak levels, and that's unacceptable for any athlete who is constantly striving to be the best.

NATURE'S MOST EFFECTIVE HEALTH SOLUTION IS HERE

Turmeric root has an extremely long history of use in Ayurvedic medicine, but its health benefits, including its anti-inflammatory effects, have only been proven for their efficacy.*

Research led to the discovery that the curcuminoids in the turmeric root are responsible for its real-world health benefits. The patented and clinically tested Curcumin C3 Complex® by Sabinsa was used for some of the most prominent research into curcuminoids and tetrahydrocurcumin, which is responsible for curcumin's biological function in the body. That's why SAN uses only this extremely stable and highly bioavailable form in SUPREME CURCUMIN C3.*

SUPREME CURCUMIN C3 not only offers incredible anti-inflammatory effects, but it also has strong anti-oxidant effects and may help support cardiovascular and liver health through its anti-oxidant properties. Piperine is another key ingredient in SUPREME CURCUMIN C3 that not only increases nutrient uptake, but it's also been shown to have additional anti-inflammatory effects.*

VEGAN DIETS HAVEN'T ALWAYS BEEN EASY FOR ATHLETES

In the past, it wasn't always an easy choice to live a vegan lifestyle if you're goals were to be a serious athlete, let alone if you wanted to build muscle mass. It was hard enough to get abundant protein through diet alone, but almost all supplemental protein sources of the past haven't been vegan-friendly.

A NEW GENERATION OF PLANT PROTEIN WITHOUT SACRIFICE

Over a year full of vigorous research and development in cold-extrusion technologies has resulted in an unmatched, vegan-approved protein formula from SAN. Not only is RAWFUSION non-GMO, organic and allergen-free¹, it also offers an incredible 21 grams of custom bio-fermented protein per serving—in a vegan formula.*

RAWFUSION's exclusive mix of pea protein isolate, sprouted brown rice and artichoke protein concentrate has created a formula that is ideal for vegans, and is a sensible choice for non-vegans as well. In fact, with over 4.5 grams of BCAAs per serving, RAWFUSION's amino acid profile rivals that of milk protein.*

RAWFUSION is an unrivaled vegan protein formula for anyone seeking an ultra-healthy lifestyle and unwilling to make sacrifices.*

AVAILABLE IN 1 LB, 2 LB & 4 LB SIZES

CULTIVATE

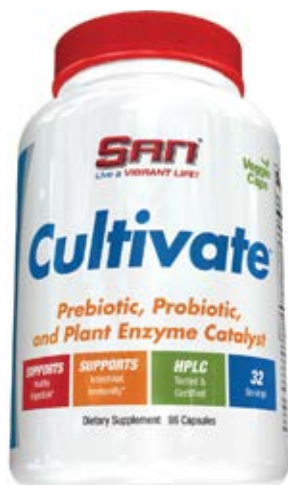

ABSORB MORE PROTEIN & SUPPORT HEALTHY IMMUNITY

SUPPORTS THE DIGESTIVE PROCESS*

AIDS IN AMINO ACID UPTAKE*

HELPS ELIMINATE BLOAT & DISCOMFORT*

PROMOTES HEALTHY GUT IMMUNITY*

EATING WELL SHOULDN'T LEAD TO BLOAT & DISCOMFORT

We all know that it takes well-balanced nutrition to get in shape, whether your intentions are burning fat or gaining muscle. Sometimes that means eating large servings of protein and fibrous vegetables, and other times it means being stuck on the road and needing to resort to a cheap, store-bought protein shake loaded with lactose...

This sort of eating can often lead to feelings of being bloated, or just general abdominal discomfort, and SAN knows that those feelings can hamper your will power and progress.

BALANCED INTESTINAL HEALTH SPEEDS UP NUTRIENT ASSIMILATION

Our guts require balanced beneficial bacteria in order to function properly. While probiotics are the familiar healthy bacteria which aid in our digestion process, prebiotics are also required in order to help nourish the good bacteria.*

CULTIVATE was formulated to be the perfect prebiotic, probiotic and plant enzyme catalyst for active people, and to promote the highest possible level of amino acid uptake. SAN's custom formulation of plant enzymes is designed to help break protein down into its free-form amino acid elements for the highest level of assimilation possible.*

CULTIVATE restores balance to the digestive system, and supports complete digestion of protein, carbohydrates and fats, as well as lactose and vegetable cellulose.*

- ENHANCES MOOD & WELL-BEING*
- POTENT FAT-BURNING EFFECTS*
- NATURAL APHRODISIAC*
- ELEVATES SEXUAL PERFORMANCE*

LOOK BETTER, PERFORM BETTER & FEEL BETTER

Yohimbe has been used for many years by those believing it would increase sexual vigor due to increased blood flow. The raw herbal form was believed to have potential aphrodisiac effects with the ability to intensify male stamina...

The true power of this bark sourced from African evergreens wasn't truly realized until recently, when the purified yohimbine HCL found in YOHIMBINE became available. The tables have turned now that the maximum absorption of this Alpha 2 Receptor Antagonist is accessible. By blocking Alpha 2 receptors, free fatty acids are released into the bloodstream so fat can be effectively burned off as energy. Combined with the potential appetite suppressant effects, this makes for a formidable fat burner.*

YOHIMBINE can improve performance beyond just the ability to burn fat, however. Amplified blood flow not only supports an increased sense of well-being, it also means that it has stimulating effects to other areas that can help support normal sexual function. YOHIMBINE helps you to feel great, look better and perform to your maximum potential in ALL activities.*

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 90

Amount Per Serving

Yohimbine HCL (derived from bark) 3 mg**

** Daily Value not established.

CAFFEINE

POWER & ENERGY ACCELERANT

- IMPROVES MEMORY*
- DECREASES FATIGUE*
- INCREASES ENDURANCE*
- IMPROVES MENTAL FUNCTIONING*

Supplement Facts

Serving Size: 1 Capsules
Servings Per Container: 120

Amount Per Serving

Caffeine Anhydrous	200 mg**
--------------------	----------

** Daily value not established.

SUPER ENERGIZE YOUR BODY

SAN's CAFFEINE anhydrous is formulated to be the perfect power and energy accelerant! It's ability to super energize your body for powerful workouts is currently unparalleled.

CAFFEINE's fast-acting substance delivers the right molecular structure to your energy systems for enhanced energy and power output.*

CAFFEINE can also support the increase of mental alertness and neurologically provide you with the surge to optimize your hard grueling training sessions.*

Not just a stimulant, this powerful compound reaches deep into the muscle cell to provide lasting endurance and delaying the onset of muscle fatigue equaling greater workouts.*

PREMIUM FISH FATS GOLD

INCREASES CARDIOVASCULAR HEALTH & FAT LOSS*

- 600 MG OF OMEGA-3's PER SERVING (18% EPA, 12% DHA)
- DECREASES THE ABSORPTION OF DIETARY FAT*
- POWERFUL ANTIOXIDANT*
- SUPPORTS IMMUNE SYSTEM FUNCTION*

GOOD FISH FATS SHOULDN'T BE HARD TO FIND

It used to be that fish was the go-to source for healthy Omega-3 fatty acids, and supplemental fish fats were ideal for those who couldn't get enough fish in their diet, or who just didn't like the taste. Many of the fish-based Omega-3 supplements didn't necessarily solve the flavor problem, however, and it soon became apparent that many fish sources were heavily contaminated by heavy metals and other industrial waste products.

CONTAMINANT-FREE FISH FATS PROVIDE PROPER OMEGA-3 BALANCE

Clinical evidence shows that the high amounts of EPA and DHA in PREMIUM FISH FATS GOLD help promote cardiovascular health, increase cognitive abilities and improve fat loss and retention of muscle.*

By selecting components from previously tested oils, PREMIUM FISH FATS GOLD is able to provide a source of Omega-3 fatty acids from cold-water fish that is certified to be 100% free of any pesticides, PCB or heavy metals, such as mercury.*

PREMIUM FISH FATS GOLD will have a positive effect on your cardiovascular system while helping you shed body-fat.*

PURE CLA 1250

ACHIEVE A LEANER BODY AND OVERALL WELL-BEING

QUICK-RELEASE SOFTGEL

CONVERT BODYFAT INTO ENERGY*

STIMULATE LEAN BODY COMPOSITION**

SUPPORT HEALTHY IMMUNE SYSTEM

Contrary to popular belief, incorporating beneficial dietary fats into your regimen has been recognized by athletes for its numerous advantages. However, some of the most advantageous fatty acids are primarily found in food sources that may be inconvenient in terms of the quantities required to reap their benefits.

The initial research on CLA (Conjugated Linoleic Acid) conducted at the University of Wisconsin sparked interest in this naturally occurring fatty acid. Subsequent studies have demonstrated its positive impact on promoting lean body composition and supporting immune system function.

Pure CLA 1250 is designed to not only inhibit fat accumulation and facilitate the conversion of fat into energy but also to positively influence cholesterol levels (as long as you don't indulge in excessive pizza and pasta consumption). Alongside its key fat-burning benefits, Pure CLA 1250 also aids in muscle development, amplifying your body-shaping potential.

With Pure CLA 1250, you can embrace a healthy approach to achieving a lean body while enhancing your overall well-being.*

AVAILABLE IN 90 CT. & 180 CT.

COQ10

TESTED & CERTIFIED UBIQUINONE

- PROVIDES PROTECTION FROM FREE RADICAL DAMAGE*
- IMPROVES ENDURANCE & ENERGY PRODUCTION*
- SAFE & NON-TOXIC*
- MANUFACTURED USING NATURAL FERMENTATION PROCESS*
- DEVELOPED IN JAPAN*
- SUPPORTS NATURAL HEART HEALTH*

PROTECTION FROM FREE RADICAL DAMAGE

SAN's CoQ10 (Coenzyme Q10), also known as ubiquinone, exhibits antioxidant like properties that may protect the user from free radical damage.*

Coenzymes are substrates that facilitate key activities throughout the human body organism.*

CoQ10 is believed to be used as a substrate by the body to turn food into energy by a series of complex reactions that may involve ATP (the cell powerhouse engine).*

CoQ10 has also been investigated as an aid to improve endurance due to its effect on energy production.*

CoQ10 is both safe and non-toxic, has been consumed safely by millions of people around the world and is manufactured through a natural fermentation process which was exclusively developed in Japan.*

LIVER SUPPORT FORMULA

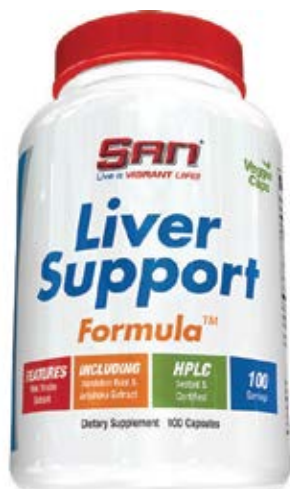

LIFE SUPPORT FOR A HEALTHY LIVER

MAINTAINS & PROTECTS HEALTHY LIVER FUNCTION*

AIDS IN LIVER DETOXIFICATION*

STIMULATES HEALTHY BILE PRODUCTION*

PROMOTES HEALTHY CHOLESTEROL LEVELS*

REINFORCEMENT FOR ONE OF YOUR BODY'S HARDEST WORKING ORGANS

Even with a healthy nutritional plan, your liver is a crucial organ that takes on a serious workload. Nearly every toxin and chemical that enters your bloodstream gets processed or disposed of by your liver. Daily life forces your body to filter an abundance of contaminants on its own, but that demand increases even further when drugs, alcohol or medical conditions come into play, and even more so when you find yourself surrounded by other environmental toxins and pollution.

LIVER SUPPORT FORMULA gives your body the defense you need to fight off potentially performance-robbing plateaus you may reach when your liver is overtaxed.*

Supplement Facts

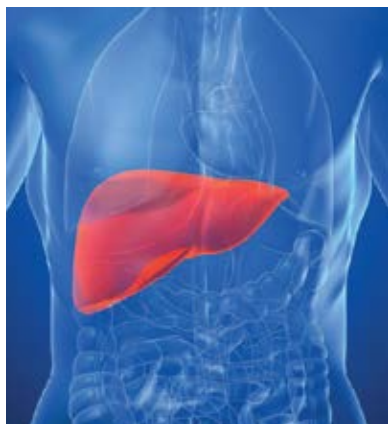

Serving Size: 1 Capsule

Servings Per Container: 100

Amount Per Serving

Milk Thistle Extract (<i>Silybum marianum</i>) (Std. to 80% Silymarin Flavonoids)(seeds)	300 mg**
Dandelion Root Extract (<i>Taraxacum officinale</i>)(4:1)	100 mg**
Artichoke Extract (<i>Cynara scolymus</i>) (Std. to 2% Cynarin)(leaf)	50 mg**

** Daily Value not established.

The natural extracts in LIVER SUPPORT FORMULA effectively add to your body's ability to handle everything you and your environment throw at it. Milk Thistle Extract has been used successfully for years to maintain a healthy liver and protect it from damage, and it is often prescribed to support various liver damaging conditions. Dandelion Root Extract is known for its liver-detoxifying properties while Artichoke Extract protects the liver by increasing the ability of bile produced in the liver to effectively deal with lipid processing.*

LIVER SUPPORT FORMULA provides the help your body needs to protect and support a healthy liver*

NA-R-ALA

BLOOD SUGAR SUPPORT & NUTRIENT PARTITIONING AGENT*

ENHANCED NUTRIENT PARTITIONING*

POTENT PROTECTION AGAINST FREE RADICALS*

ADVANCED GLUCOSE DISPOSAL AGENT*

THE MOST STABLE & BIOAVAILABLE FORM OF RLA*

BIOSOLV-ENHANCED FOR THE BEST POSSIBLE ABSORPTION RATE*

MEET NA-R-ALA: YOUR CELLULAR DEFENDER

What Is It?

NA-R-ALA is like a superhero for your cells. It's a special form of alpha lipoic acid (ALA) that's more effective than the regular stuff. Think of it as ALA's cooler, more powerful cousin.

How Does It Work?

CELL BODYGUARD: NA-R-ALA protects your cell powerhouses (mitochondria) from harm. Imagine it as a tiny shield against free radicals—the troublemakers that mess with your cells.

ENERGY BOOST: By preventing fatigue product buildup, NA-R-ALA keeps your energy levels up. It's like having a secret reserve of vitality.

BLOOD SUGAR BUDDY: NA-R-ALA helps maintain healthy blood sugar levels. It's like a traffic cop directing glucose where it needs to go.

Why Is It Special?

WATER-SOLUBLE WONDER: NA-R-ALA dissolves easily in water, so your body absorbs it like a sponge. No fuss, no muss.

STABLE SIDEKICK: Unlike other forms of ALA, NA-R-ALA doesn't wobble under pressure. It's the rock-solid version you can count on.

LOW SODIUM IMPACT: Don't worry about your blood pressure—it's low in sodium. Less than 1% of your daily value, to be precise.

NA-R-ALA fights free radicals, boosts energy, and keeps your blood sugar in check. It's like a mini superhero squad for your cells!

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 60

Amount Per Serving

DHEA

MEN & WOMEN ALIKE FIND THE BENEFITS OF DHEA

SUPPORTS FREE TESTOSTERONE LEVELS FOLLOWING HIIT*

HELPS SUPPORT HEALTHY JOINTS & BONE DENSITY*

POSITIVE EFFECT ON MOOD, ENERGY, & MEMORY*

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 90

Amount Per Serving

DHEA (Dehydroepiandrosterone)(micronized)	50 mg**
---	---------

** Daily Value not established.

RESEARCHERS CONCLUDE DHEA SUPPLEMENTATION MAY HAVE SIGNIFICANT BENEFITS RELATED TO HIIT ADAPTATION

With the popularity of high intensity interval training on a rise (HIIT), a new study concludes "acute oral DHEA supplementation can help support healthy free testosterone levels in middle-aged men and prevent it from declining during HIIT."

DHEA BENEFITS MEN AND WOMEN ALIKE

According to the world-renowned Mayo Clinic, there is strong scientific evidence that DHEA benefits men and women alike as it can help support healthy bone density, mood and weight management. Moreover, the famed clinic says good scientific evidence suggests that DHEA Supplementation can enhance adrenal health as well as sexual vigor.*

WHAT IS DHEA?

The scientific name for DHEA is dehydroepiandrosterone. In the adrenal glands it is produced from the precursor pregnenolone. Studies show that with age DHEA levels often decrease considerably. When used as recommended, DHEA supplementation can play a role in the restoration and maintenance of healthy biological levels of DHEA as well as testosterone. SAN's DHEA does not contain wild yam extract.*

MELATONIN

TO HELP YOU FALL ASLEEP

TEMPORARY NATURAL NIGHTTIME SLEEP AID*

DRUG-FREE

HPLC TESTED & CERTIFIED

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 90

Amount Per Serving

Melatonin	5 mg**
-----------	--------

** Daily Value not established.

TEMPORARY NATURAL NIGHTTIME SLEEP AID TO SUPPORT NORMAL & HEALTHY SLEEP CYCLES*

MELATONIN is a natural hormone manufactured and secreted by the human pineal gland. Its primary function is to help support normal & healthy sleep cycles. MELATONIN is involved in numerous aspects of biological and physiological regulation, such as the body's internal clock. Anyone who experiences sleep problems, jet lag, or even some restless nights, could benefit by taking melatonin supplements.*

RESTFUL NIGHTS: Melatonin, a natural hormone, helps regulate your sleep-wake cycle.

JET LAG SUPPORT: Ideal for travelers adjusting to new time zones.

QUALITY SLEEP: Wake up refreshed and ready to conquer the day.
